Bullying No Way  
National week of action  
12-16 August 2024

When we use our gifts – the talents that we possess – it brings us a sense of joy. Pictured to the right are Orlando, James, Hamish and Sophia who are representing our school in the 2024 SHC junior chef competition.

Using our talents and gifts can give us a sense of purpose and fulfillment. It can make us feel like we're making a positive impact on the world around us.

We give thanks for our gifts and talents and pray that we can use them to make the world a joyous, harmonious and peace-filled place.

100 Days in Prep!  
St Ambrose prep students celebrated 100 days at school on Friday and much fun was had! It is a joy visiting the prep rooms and observing them engaged in their learning and noting their progress. Congratulations to our fantastic prep students and their teachers!!

## Message from the Principal

Dear families, parishioners, and friends,

Here we are at the close of week four so the term is well under way! By now you will have looked over your children's class term overview outlining the learning focus in each curriculum area. The purpose of this is to provide families with valuable information about what is being covered. This enables you to have conversations with your child about the learning they are engaging in at school. In doing this, we hope to further strengthen the important home school partnership that supports learning success for all students. I know our teachers would appreciate your keeping in tune with what is happening in your child's classroom.

Next week we shine the spotlight on, "Bullying No Way" as it is the national week of action. This year's theme is, "Everyone Belongs" Please read the information later in this newsletter.

It was great to see so many families at Mass over the weekend to support their children who are preparing to make the sacrament of first holy communion. We pray for all of our young people making their First Eucharist.

This week is the feast day of Australia's first canonised Saint, Mary MacKillop. St. Mary MacKillop dedicated her life to the promotion of education, especially in small towns that might not otherwise have had a school. She set up Catholic schools for poor children across the country. Her legacy lives on in Penola, where she established her first school in 1866. She is known in the Catholic Church as St Mary of the Cross. Her vision was for her schools to be strong and connected communities where every student is enlivened by Christ to reach their personal best & live in truth, love and dignity.

## Annual Review Meetings

"The more passionate we are about our work, the more vital it is that we take time to renew our own heart and mind – to reflect on the wellsprings of our service to others – to reconnect who we are with what we do". ~ Parker J Palmer

As part of the annual review process teachers reflect on their practice against the AITSL professional standards. Each year I meet with each staff member to hear about their year, their professional goals and aspirations and discuss their progress with their previous year's goals. I truly value these meetings which I have now had with all staff members. Indeed, we have a rich diversity of skills and expertise amongst our staff who willingly share their energies to make our school one where our children can excel.

I know that you would all want to acknowledge the work of all our educators for their continued hard work and dedication in providing our children with great care and learning opportunities and in return they certainly appreciate your continued support and cooperation. When we work together, we can continue to provide our children with many varied and amazing learning opportunities. "Vocation is the place where your deep gladness and the world's deep hunger meet" Frederick Buchner. I witness our staff commitment to their vocation on a daily basis. I thank them and look forward to continuing to manifest our vision together.

## Congratulations to our Basketballers.

Spencer, Hayden and Austin are pictured holding the premiership flag! Congratulations to our boys team who will go on to play the next level and to our girls team who came second!

## SHC Junior Chef

Anita is pictured supporting our students to make delicious pancakes. The SHC junior chef competition aims to provide a fun, but challenging experience, along with an enjoyable introduction to the secondary environment.

We congratulate our team on this week's success making pancakes with a berry sauce and offer them our support next week as they rise to the challenge of making pasta and a tasty sauce! Our students did a superb job at SHC on Tuesday where they were commended for their fantastic team work.

## Our Students Enjoying our Beautiful Library Space

Our students enjoy the opportunity to visit our library to immerse themselves in books in the comfortable and relaxing space. Each class visits the library at least once each week.

## Music Instrumental Programs

It is great to observe our students enjoying their instrumental music lessons. We have been very impressed with the passionate teachers who have been coming in to teach the children. Jethro is pictured above under the guidance of Tim learning how to play the drums.

You can get further information about what Ranges Music offer via our [website](#).

## School Fees \$\$\$

Our thanks to those of you who are keeping your fees paid up to date. We rely on this income to cover the programs we offer our students. If you are unable to keep payments up to date please contact Karen Basa or me directly to organise a payment plan that will work for you.

If you have already done this, thank you too.

## Parents as Helpers School Support Program

We sincerely thank those of you who are supporting our programs in some way. We welcome your assistance and remind you to add your contribution to the Operoo form.

## Focus Teaching

One way we support learning from point of needs is in focus teaching groups. Our staff put time into planning these intense teaching sessions.

## Father's Day Celebrations Save the Date! 28th August 2.00pm

We are looking forward to celebrating with our Dads, Grandfathers and those like Father's to us with a sporty theme. Students may wear their favourite sporting uniform, scarf, jumper, shirt or hat.

## Roof Laws

Following the recent tragic accident at a school in Melbourne where a teacher fell from a roof MACS are reviewing their policies and wish the following to be shared with you:

*While the review is underway, I require that you direct your staff and parents - including permanent, fixed term, casual and CRT staff and parent volunteers - **that until further notice they must not undertake any activities that would involve them working on roofs, or any similar locations where there is a risk of falling.***

I ask that you are not tempted to climb up on our roof on the weekend to retrieve balls that your children may say are up there. Your safety is more important.

## Swimming Program

Our students are enjoying their swimming lessons at the Kyneton Aquatics Centre. We thank Marie and the team who are again, doing a great job with our students. The children were delighted to discover Juddie was their swimming teacher!

## Auskick

Auskick after school sessions are beginning after school in 2 weeks time (19 August), 3.45-4.45pm on Monday afternoons on the school oval.

This is not only for little ones but all ages from prep to grade six.

They are run by professional AFL Auskick coaches. There are 5 sessions and you can enrol using this [link](#).

## 2025 Prep Offers

If you are wishing to enrol a sibling of a current student in Prep next year, we urge you to submit your enrolment application asap.

2025 Prep places are currently being offered. We are also taking enrolments across all levels.

## Blessing of the Upgraded Buildings

Fr John will bless our upgraded building and the plaque will be unveiled with local member Mary-Anne Thomas MP on August 26th at 9.15 am. You are welcome to join us in the library for this event.

## Canteen on Swimming Days

**Olympics are all around us. From participating in the school olympics, learning about near neighbour countries, measuring many things including how far our paper aeroplane could fly and the length of our strides, then using this data to graph by hand and using the computer. We are looking forward to continuing our Olympic theme when we enter the pool next week! We have had our water safety talk and are ready to get kicking. Here is just a sample of the many things we have been working on this week.**

# AROUND THE SCHOOL

## Cobaw Basketball

On the 6th of August the grade sixes attended Cobaw Basketball. We were part of the girls basketball team. We played 8 games against teams from around the district and we had 1 bye. We were very competitive and everyone scored at least 1 goal. Defence was by far our best asset, intercepting shots and passes.

We unfortunately lost 2 games against Kyneton and Woodend Primary School, but it was a great team effort, only going down by 1 goal in each game. We would like to thank Mrs Macca, Kyra and Mel Lethbridge for encouraging our teams to be the best we can.

By Indie 5/6M and Alani 5/6P

Today we played Cobaw Basketball at Boardman Stadium in Sunbury. It was a district competition against all Cobaw local schools. It was a great day for all of us.

We started off with a few easy games that we won without much of a challenge. But then it got more challenging, we had a tough match against Our Lady Of The Rosary as we only won by 3 points. Soon after we had the deciding game between us and Kyneton Primary, it came down to 1 point which is equivalent to a free throw. We won by 1 point and the scores for the game against Kyneton were 14-11.

We all played really well and most of us scored a goal. We then went on to win the rest of our games and we finished on top of the ladder going through to the next stage.

We would like to thank Mel Lethbridge for being a fair and encouraging coach. We hope she will continue to support us in the next round.

## Junior Chef

There was silence as we waited for the other schools to arrive. Eventually after what felt like a year's wait the schools started to flood in, finally it was time to enter the kitchen. "READY! SET! GO!" the organiser shouted.

Noise polluted our ears as we got to work. A few minutes later we were already flippin' pancakes and the berry sauce was simmering, we peered over to see the other teams still whisking their batters. Beep! Beep! Beep! The timer went off. Confidently we took our pancakes to the judges. They urged us out of the room so they could judge in peace. We waited and waited and waited until they came out and gave us participation awards. We came back to school wrapped with our results. The experience taught us that we are a real team, our communication is great and we need to divide and conquer for the pasta round!

## Canteen News

Hello Parents, Carers, Staff and Students!

Thank you all for bearing with the alternate lunch delivery times for each class due to swimming lessons over the past few weeks. I was happy that most students were still able to get a lunch order if they wanted.

You will have also noticed there have been changes to the menu in the past few weeks with the introduction of croissants, cheeseburgers and chicken schnitzel burgers, all of which have been hugely popular.

Unfortunately I have had to place limits on and not offer some menu items due to not having enough volunteers to get the orders out to everyone. Apologies for any disappointment in not being able to order your favourites. This is temporary and will only be done as a last resort.

Finally, a very big thank you to the generous volunteers. Without your help it would be difficult to offer such a wide menu range to the students. You are all valued and appreciated!

Thank you  
Katie

St Ambrose Parish School, thanks to the Social Justice Team, are once again registered for Footy Colours Day!

We will be raising money (via a gold coin donation) for this very worthy cause in union with celebrating Father's Day.

### The need for education support for kids with cancer

Every year, more than 950 children and young people aged 0-19 are diagnosed with cancer in Australia.

These kids are absent from school for long periods of time as they go through cancer treatment and recovery. Many drop class levels when they return to school, become isolated from their friends and disengage from their education.

Our education programs fight to reduce the long-term impact of cancer.

### How do our programs help kids with cancer?

- \*Maintain their education and connection with their school and school friends
- \*Provide flexible, individual lesson plans that work around their illness and treatment
- \*Mix of face-to-face and online learning sessions
- \*Ease the transition back to 'normal' school life
- \*Ensure kids with cancer reach their full educational, professional and vocational potential

So, we are inviting all our dads/carers, staff and students to wear their favourite team colours e.g. beanie/cap, scarf or jersey and bring along a gold coin donation.

Please note: it does not have to be a footy team. Other favourite teams' colours are welcome.

# Faith & Family

Lord, thank you for being the Bread of Life. with the joy of salvation. We come to you with gratitude for all that we have. Open our eyes and the eyes of all to see you as the only Bread for spiritual hunger but, also, to see your presence in the faces of all who have physical hunger.

Wonderings:

As the people asked Jesus, we must ask ourselves, "What must we do if we are to do the works that God wants?"

Commitment Masses

Congratulations to the following children who made their commitment to the Sacrament of First Holy Communion over the weekend:

Jim G, A.J. S., Joshua R, Olivia C, Eire B, Leon G, Matilda C, Orlando L, Hamish M, Angus N, Hunter R, Harriet B and Alice C. Please keep these children in your prayers.

This weekend will be the last of the Commitment Masses for children making their First Holy Communion later in the term.

CHILDREN'S LITURGY

PARISH NEWSLETTER

Gospel Reflection: John 6:24-35

Friends, today's Gospel comes from the bread of life discourse: "I am the bread of life; whoever comes to me will never hunger, and whoever believes in me will never thirst." What God has wanted from the beginning is to sit down with his creatures in a fellowship banquet, sharing life and laughter, giving and receiving and giving back again....The more we receive the divine life, the more we should give it away and thereby get more of it.

Throughout the Old Testament, we find images of the holy banquet. On God's holy mountain, Isaiah says, there will be good meats and pure, choice wines. And throughout his ministry, Jesus hosts meals to which all are invited. God wants to share his life with us.

This comes to full expression in the Eucharist, when Jesus identifies himself so radically with the bread and the wine that they change into his Body and Blood, and then he invites all of us around this table to feast and share life, to give and receive and give again.
